

YEAR-END INDEX — VOLUME 8, 1989

A

Aycock, Jeff. "Reducing Workers Compensation Expenditures Through Cost Containment." (Winter, no. 1).

B

Becker, Bruce. "SS7—Promising Technology with a Premium Price Tag." *While Centel's outlook remains positive on the enhanced signaling capabilities of SS7 technology, the company sees some less than positive aspects of putting theory into practice.* (Summer, no. 3).

Bloomfield, Shirley. "REA—A Retrospective." (Fall, no. 4).

Bolton, David. "Telco Marketing: Redefining the Boundaries." (Summer, no. 3).

———. "Marketing Digital Services: Targeting Customer Needs." (Fall, no. 4).

Broshar, Jim. "A Statewide Approach to Unity." (Winter, no. 1).

C

Cole, Monte; and Johnson, Bart. "Pre-Employment Screening — Pay Now or Pay Later." (Summer, no. 3).

———. "Pre-Employment Screening—Pay Now or Pay Later, Part II." (Fall, no. 4).

Cosson, David. "Preparing for the Worst—Network Failure." (Spring, no. 2).

———. "Cutting the 800 Database Baby in Half: Should the FCC Be Trying to Create Two 400 Services?" in "Evolving Regulation for an Evolving Network." (Summer, no. 3).

———. "The Zen Master Revisits Price Caps." (Fall, no. 4).

Cronin, Bill. "Building the Backbone of the National SS7 Network." *U.S. Intelco has plans in the works to build SIGNET 7, the national SS7 network for independents.* (Summer, no. 3).

D

Dennis, Patricia Diaz, interview. "The FCC in the Bush Administration: A View from Inside the Commission." *FCC Commissioner Patricia Diaz Dennis speaks candidly about the crucial issues facing the FCC as the new administration takes hold and how the changeover will affect the industry's regulatory agency.* (Spring, no. 2).

Dickens, Benjamin H.; and Kraskin, Stephen G. "Information Age Services: Will State Regulatory Policies Enhance Their Development?" in "Evolving Regulation for an Evolving Network." (Summer, no. 3).

Drialo, Denise. "Telephone-Cable Crossownership: Repealing Prohibition." (Winter, no. 1).

E

English, The Hon. Glenn. "A Congressional Perspective." *Oklahoma Democrat Glenn English lends insight into what the next four years hold in store for REA, RTB, and other rural programs.* (Spring, no. 2).

F

Felter, Jim. "Paradise Lost: A Small Town in the Wake of the Exxon Valdez." *When NTCA staff member Jim Felter traveled to Alaska to view firsthand the effects of the Exxon oil spill on Valdez, home of Copper Valley Telephone Cooperative, he found more than the man-made ecological disaster he had heard about on the evening news.* (Fall, no. 4).

Flatbush, J. Richard. "Calling Cards: Opportunities of the Intelligent Network." *The advent of SS7 technology will change the way calling cards are issued. In order to continue providing service to their subscribers, telcos must adapt to these changes.* (Summer, no. 3).

Frommer, Henry. "An Emerging Niche in Rural Telephone Financing—Equipment Leasing." (Summer, no. 3).

H

Harris, Robert. "The Regional SS7 Network: An Intelligent Application for Rural Telcos." *NTCA member E.N.M.R. Telephone Cooperative plans to cut in a regional SS7 network that will eventually bring a full range of intelligent network services to its subscribers and to those of neighboring telcos in Oklahoma, New Mexico, and west Texas.* (Summer, no. 3).

Hirshberg, Janet L. "A Preview of the 1989 NTCA Annual Meeting & Expo." (Winter, no. 1).

House, Harry. "Mastering Disaster." (Spring, no. 2).

J

Jackson, Julia. "The Bush Administration and Rural America: A New Breeze or Chill Wind?" *Visits with key Democratic and Republican legislators reveal hope and optimism as well as concern and frustration.* (Spring, no. 2).

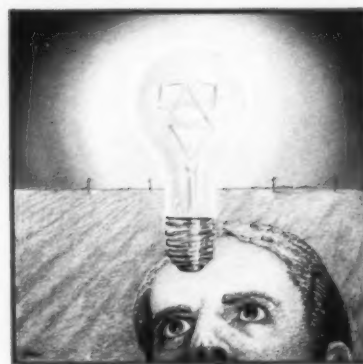

K

Koslowsky, Robert. "Fiber in the Local Loop." *While fiber optics is still beyond*

the reach of most small and rural telephone companies, it's a technology whose time is coming. (Fall, no. 4).

L

Lehner, J. Christopher; and Young, Ingrid K. "Conspicuous Personalities: Ideas From Rural Telephony." (Winter, no. 1).

— "Hitting Our Stride at 35: The 1989 NTCA Annual Meeting & Expo." (Spring, no. 2).

— "Rural Development at a Crossroads: The Emergence of a National Consensus." (Fall, no. 4).

Lehner, J. Christopher; and Jackson, Julia. "Benefits, Fairness, and Tax Policy: The Saga of Section 89." (Summer, no. 3).

M

Merrill, Lynn R. "A Cooperative Venture in Cellular." (Spring, no. 2).

Miller, Susan. "Implementing Equal Access." (Fall, no. 4).

Murrow, Esther. "Mr. REA." *This book review examines a recent biography of David Hamil, former administrator of the Rural Electrification Administration.* (Summer, no. 3).

N

Norton, Marlee R. "RTC—Pioneer in Today's West." *Rural Telephone Company in Idaho battles the odds and the elements to go where no telco has gone before.* (Winter, no. 1).

P

Precourt, Ronald D. "Board Leadership: What You Need to Succeed." (Winter, no. 1).

———. "Active Listening: The Preferred Approach to Problem Solving." (Spring, no. 2).

R

Rhyne, Joe. "Investment Basics for Rural Telcos." (Fall, no. 4).

S

Shultz, Paul. "The AOS Controversy: A Black Eye for Adam Smith?" *In response to numerous consumer and industry complaints about AOS providers, the states are taking action while the FCC's inaction is generating harsh criticism.* (Spring, no. 2).

———. "A Cellular Plan You Can Bank On." *The loan agreement between Cellular, Inc. and COBANK-National Bank for Cooperatives will help bring cellular services to America's rural communities.* (Summer, no. 3).

V

Vellone, Joe. "REA in Transition: The Impact on Rural Telephone Subscribers." (Winter, no. 1).

W

Wacker, Tom. "Congressional Reapportionment and Redistricting—Rural America's Next Crisis?" (Summer, no. 3).

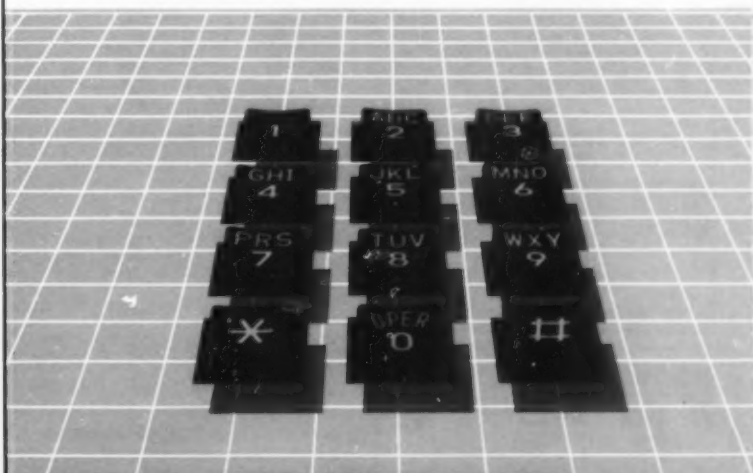

Watkins, Steve. "Pooling Around With Success: The New NECA Pool." (Winter, no. 1).

———. "NECA and the New Voluntary Pooling Arrangements." *Small and rural telcos must call a team meeting and agree on a game plan if they want to see NECA remain an essential resource.* (Fall, no. 4).

Network with ATI Supply.

Our new Laser Ordering System brings the future of networking to you at the touch of a button...Free!

ATI Supply's new Laser Ordering System allows you access to more communication products and services than ever before. With your phone and PC you can call anytime 24 hours a day 365 days a year and have instant access to these new services:

- Inventory Shopping (Over 15,000 Items)

- Advertised Specials
- Electronic Mail
- Order entry and status

ATI Supply has four nation-wide locations, with more to come. Our new Laser Ordering System is the future in communication products for buyers, engineers, and consultants. Call ATI Supply today to join our network.
